

# CURRICULUM VITAE

## **NERMEEN, El Tahan, MSc**

Ministry of Water Resources and Irrigation, Egypt

Kafr ElSheikh 33511, Egypt

E-mail: eng\_eltahan@yahoo.com

Eng. NERMEEN El Tahan is a Civil Engineer (Technical Office Manager) in Public Administration of Drainage, West Kafer El Shiekh, Ministry of Water Resources and Irrigation. Also, she is a PhD – student in Irrigation and Hydraulic department, Faculty of Engineering, Alexandria University. She got her bachelor degree from Kafer ElShikekh University. On the other hand, she got her Master degree from Alexandria University. She started her career from 2007 in Kafr ElSheikh University as teaching assistant in Irrigation and Hydraulics Department up to 2013. She also started her career in Ministry of Water Resources and Irrigation from 2008 up to now, and worked as research assistant for 2 years in Water Research Management Institute, National Water Research Center.

The research interest of Eng. Nermeen PhD is in hydraulics and irrigation, of which the research priorities include water management and drainage water reuse and its environmental effect on lakes water quality.

Recent publications are: 1) H. M. Moghazy, O. K. Saleh, I. M. Rashwan, and N. E. El Tahan, “WATER MANAGEMENT OF MEET YAZIED CANAL, KAFR EL-SHIEKH GOVERNORATE”, Alexandria Engineering Journal, Volume 54, Issue 4, December 2015, Pages 1193–1205., 2) N.E. El Tahan, H.M. Moghazy, O.K. Saleh, I.M. Rashwan, “WATER MANAGEMENT USING ISIS MODELLINGIN MEET YAZIED CANAL”, 4th AFRICAN REGIONAL CONFERENCE ON IRRIGATION AND DRAINAGE (ARCID), “Agricultural Land and Water Management for Sustainability under Climate Variability”, Aswan, Egypt April 26-28, 2016,

Eng. Nermeen was Representing Egypt in Singaporean Cooperation Program for Sustainable Water Resources Management, PUB, Singapore’s National Water Agency, Singapore, on April 2015. She is the member of Young Professional's e-Forum (IYPeF), and also a member of Climate Change Working Group.

Her research interest includes agriculture water management, drainage water for surface and subsurface networks management and also lakes water quality. She attended many courses and seminars in water and wastewater management in Egypt conferences and also in Netherlands “Aa en Mass” organization of water management in June 2013. Also, she attend anther course in Singapore Cooperation Program in May 2019.
